Description

Specification	MA851D/1
Measuring range	0 to 13 / EC
Temperature range	20 to 40 °C
Shaft material	PVC
Reference electrolyte	gel
Reference junction	cloth
Reference type	single, Ag/AgCl
Shape of membrane	spheric
Max pressure	1 bar
Connector type	DIN
Cable length	7-pole, 1 meter
Shaft length	110 mm
Diameter	20 mm
Application	general, water treatment
